Learn what your favorite outfit expresses to others and discover your hidden prejudices surrounding clothing and colors and how to go about healing them. By learning how others perceive you by way of your clothing you will begin to see the “image” you are projecting out into the world. Explore whether or not this expressed image is the truth of “who you are”. In this Playshop you will begin the journey down the rabbit hole to the discovery of who you are in your true divine essence. Remember the first question the caterpillar asked Alice in “Alice in Wonderland”, both the 2010 movie and in the books was “Who are you?” Begin the discovery and start weaving the tapestry of your true image and learn how you can best express that truth of your divinity in the clothing and colors that you wear.

**THIS MERGING OF SPIRIT WITH FORM IS WHAT I CALL THE YIN AND YANG OF CLOTHING AND COLORS.**

This Playshop is designed to help heal the planet and you can take part in this healing by participating in this Workshop/Playshop. Each one of us has a role that we can play in helping to heal the planet and this is one way you can contribute to healing the planet. As you spiritually heal yourself you contribute to healing the planet. When you are in harmony with your true essence you are in harmony with the world. Dressing is a small, yet important piece of the puzzle.

Clothes Encounters is my vehicle for helping to heal the planet and I happen to believe that the healing needs to take place on the spiritual plane before it can have an impact on the emotional and physical planes. By accessing your inner essence and the truth of who you are, you can outwardly express that true essence in the clothing you are wearing. Clothes Encounters’ Philosophy is a philosophy of global harmony.
